Chennai, Tamil Nadu, India

Professional Summary

Computer Science Engineering graduate and entry-level Software Engineer with a strong foundation in software development, web application development, and full stack software solutions. Skilled in building responsive applications using HTML, CSS, JavaScript, Python, and Flask, with hands-on experience in authentication systems and database integration through academic and internship projects. Possesses working knowledge of API integration, deployment concepts, and enterprise application workflows including SAP/ERP fundamentals. Demonstrates strong problem-solving ability and adaptability to modern development environments while continuously strengthening technical expertise.

Projects

Enhanced Security Framework: Graphical Password Authentication with Data Hiding Jan 2025 - May 2025 **Final Year Project**

Tech Stack: Python, Flask, HTML, CSS, JavaScript, OpenCV, AES, DWT Steganography, MySQL

- Developed a multi-layer authentication system using credential validation, image-based verification, and graphical PIN authentication.
- Implemented AES-based secure file storage and controlled file-sharing workflow with access approval mechanisms.
- Built a full-stack web application integrating frontend UI, backend authentication logic, and database management.
- Applied DWT steganography and OpenCV for secure image-based data embedding and verification.

Real Estate Management System Website **Mini Team Project**

Apr 2024 – May 2024

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL, XAMPP

- Developed a web-based real estate management platform for property listing, booking, and client interaction.
- Implemented user authentication, property search filters, and booking/reservation workflows.
- Designed admin dashboard for managing property data, user feedback, and transaction records.
- Integrated MySQL database for secure data storage and dynamic content management.

Work Experience

Android App Development Intern – Ajashia Technologies

Feb 2025 – May 2025

- Developed Android application features using Java and Kotlin following standard development practices.
- Integrated Firebase backend services and implemented mobile UI components.
- Performed testing and debugging to improve application performance and reliability.

Frontend Web Development Intern – Motion Cut (Remote)

Jan 2025 – Feb 2025

- Developed responsive frontend components using HTML and CSS ensuring cross-device compatibility.
- Designed UI prototypes using Figma and improved usability and interface consistency.

Skill Up Program Intern – Mitsogo Technologies, Chennai

Jul 2024 – Aug 2024

- Assisted in wireframing, prototyping, and frontend implementation using HTML, CSS, and JavaScript.
- Worked in structured development workflows and collaborative project environments.

Web Design Intern – Codebind Technologies

Jul 2023 – Aug 2023

- Designed responsive website layouts using HTML and CSS.
- Supported UI design improvements and usability enhancements.

Technical Skills

Programming Languages : Python, C, JavaScript

Web Development : HTML, CSS, Flask, PHP

Database Management : MySQL

Cloud & Enterprise Technologies : Oracle Cloud Infrastructure (OCI), SAP / ERP Fundamentals

Tools & Development Technologies : XAMPP, OpenCV, Figma, Adobe Photoshop, Adobe Premiere Pro

Core Concepts : Full Stack Web Development, Authentication Systems, REST API Integration, Secure Web Application Development, AES Encryption, Steganography, Database Integration

Education

Anand Institute of Higher Technology

Nov 2021 - May 2025

Bachelor of Engineering (Computer Science Engineering)

CGPA: 7.84 / 10

A.V.Rm.V Matric Higher Secondary School

Jun 2020 - May 2021

Higher Secondary Certificate (XII)

Score: 81.93%

A.V.Rm.V Matric Higher Secondary School

Jun 2018 - May 2019

Secondary School Certificate (X)

Score: 71.6%

Certifications

Oracle Cloud Infrastructure 2023 Certified Foundations Associate

Apr 2024

Networking Essentials – Cisco Networking Academy

May 2023

IBM SkillsBuild – Journey to Cloud Computing

Sep 2024

Figma UI/UX Design Masterclass

Nov 2024

Interests

Software Development & Full Stack Web Applications • Secure Authentication Systems • Enterprise Application Support (SAP & ERP) • UI/UX Design
